A PROGRESSIVE NEWSPAPER IN A PROGRESSIVE DISTRICT

Vol. 7, No. 3

\$1.00 per year, 5 cents Single copy

HIGH SCHOOL REPORT

War Stamp sales this year at Semahmo have been progressing very satisfactorily to date, the total now being \$1476.75. Fishponds, hot dog sales and bean-kittie guessing along with a variety of concerts have proved very successful for each month's drive. Grade X is holding a concert on December 17th to end the month of sales.

October was highlighted by the first mixer of the year held on Friday the 13th, the Juniors' in the afternoon, the Seniors' in the evening. The gym was gaily decorated with cornstalks, pumpkins and yards of crepe paper decorations. A P.A. system supplied the music for dancing, making the evening a great success. The afternoon mixer was spent by the younger members of the student body by playing games and engaging in a variety of dancing.

On Halloween the first edition of Semahmo's "Boy Views" was issued of the students, and it promised a full year of better papers and more school news. The Newspaper Club is composed of a variety of students from all grades. Editor-in-Chief is Betty Matheson, assistant Editor, Betty-Jean Goodale, December Issue Editor, Dute Hunter. The club again welcomes Miss Brearley our sponsor, and also all the new members and staunch class reps.

The Students' Council, this year, has been meeting every Wednesday noon. School President, Elizabeth Hallett, presides in the chair; vice president, Robert Anderson; secretary, Ruth Mackay; treasurer, Jim Smith are always close at hand. Staff representative is Miss R. MacFarlane and the Student representatives make up the rest of the council. Orders for school rings, pins, and sweaters have been taken and sent away; organization of clubs and the coming Christmas Mixer are the main business to date.

Every noon hour you can find a goodly portion of the school cheering at the regular house basketball games in the gym and there's many a grand play shown by the girls as well as the boys. The pupils are still basketball crazy, and are hoping for a few inter-lunch games if transportation and other difficulties can be overcome.

Bette Matheson.

Things We Observed At The Players Club Dinner

The twinkle in the President's eye as he escorted Mrs. Lee into the dining room, she looking particularly beautiful in a flood-length red dinner dress. Mrs. Ford Houghton like a dainty brown butterfly. The look of pride and satisfaction on the room was darkened and he focused the spot on Betty Lewis for her wonderful song, as though he were an artist painting a picture of a very pretty girl. That the whole affair had behind it the showmanship for which the club is now famous. The Marshalls looking on, beaming with pride thinking, these jolly people are in our home.

Australian Butter Ration

Canadians may be interested to know that the butter ration in Australia was reduced some time ago to six ounces a week from the normal allowance of half a pound a week.

Senior Citizens Monthly Meet

There was a splendid gathering at the White Rock hotel on Wednesday, December 6th, when the local branch of the Old Age Pensioners' organization opened their regular monthly meeting, over 70 members were present.

The agenda included the election of officers for the 1945 term. The president, Mr. L. T. Williams, 1st vice president, Mr. F. Green; 2nd vice president, Mr. O. Dowling; and secretary-treasurer, Mr. C. B. Bennett were returned to office, by acclamation, Mr. F. Cartledge was elected as auditor.

A splendid entertainment committee was elected, consisting of Mrs. Houghton, Mr. Houghton, Mrs. Dowling, Mrs. Bennett, Mr. Whitaker and Mr. Robinson. Every assurance is felt that with these competent people in charge, that the meetings will not lack interesting programmes, instrumental and vocal. The sick and visiting committee elected consists of the following gentlemen, Mr. Brown, Mr. Robinson, and Mr. Watson.

Mr. Watson was appointed to act as branch representative to the Kensington Home for the aged.

The turkey dinner originally set for December 26th, has been arranged to take place at the White Rock hotel at 5 p.m. on January 15th, 1945. Tickets are on sale from members. The committee in charge of the banquet consists of the following, Mrs. Thornber, Mrs. Sharp, Mrs. Robinson, Mrs. M. Wright, Mrs. E. Wright and Mr. Johnson. The membership is steadily growing, and many new members, both aged and youthful are joining the ranks of the movement to provide a measure of social recreation for the pioneer citizens. There is no age limit to the membership, the oldest member of the branch is 96 years of age and our youngest is just nine years old.

Homemakers' Corner

"Time doth softly, sweetly glide when there's love at home"

Dear Homemakers:

Friendship is a beautiful thing. And wise is the homemaker who realizes while there is yet time, that one of the important aims of a lifetime should be the building up of a circle of friends. This was the thought that came into mind a little time ago when at the post office, we found a letter from a woman we have known since childhood. It was a Christmas letter from England. And it gave life significance to know that amid the gloom, and the turmoil and the labour of wartime, this friend of ours had taken time to send a message to us across the miles.

At this time homemakers will send Christmas greetings and parcels to men and women on the war fronts of the world. They may even give an extra donation to the Red Cross. But let us remember that it is important, also, to do all we can to build up morale on the home front. Today, lives are complicated with disillusionment, sorrow, bereavement, and heart-breaking loneliness. And how better may we commemorate the birthday of the Christ Child than by sending out more cards and Christmas messages than usual?

They may be, perchance, like a friendly smile to a weary traveller on a lonely road. Let us remember: "may we not need me, yet they might." "I'll let my heart stay just in sight. A friendly smile, might chance to be precisely their necessity."

The Holiday Rush

As one looks into the store windows these days one is reminded vividly of the season that is approaching all too quickly, as there are many things one would have liked to have done before. However, we must make the best of it, and get those last minute things off our chest.

We are somewhat late this week having had to get out two papers, the High School wanted one for the end of the fall term, and then we had to crowd in our own. But that's the way it goes. We do it cheerfully and do the best we can.

Now let us all join in and do our shopping early to relieve storekeepers of some of the burden, not to mention the postal officials, this is the time of the year when they are taxed pretty heavily in trying to deliver and forward the large mail that comes in.

One week before Christmas.

Seeking Electors' Support

I am again offering my services as Councilor for Ward 5, Surrey. On Friday evening, December 8th, a public meeting will be held in the White Rock hotel at 8 o'clock, when candidates for municipal office including the Reeve will be the speakers. Try to be present and bring your friends.

Theatre News

The Desert Song is the first show of the week. Morocco, cauldron of intrigue, where the lives of the good are tainted with bad and the lives of the bad brightened with good. Strange, exotic, turbulent city of broken dreams and thrilling romances. A burst of technicolor glory, blinding adventure streaking across the African sands as the Hilla ride into action again. Fighting desert horsemen, galloping into bloody battle, led by a daring man of mystery, whose identity was a secret even from the woman he loved. Starring Dennis Morgan, Irene Manning and Bruce Cabot.

Also showing Shorts and Cartoon. For the end of the week it is *Lady of Burlesque*. Starring Barbara Stanwyck, Michael O'Shea in a fascinating picture with an unusual combination of murder, mystery, music and mirth. The whole town's crazy over Dixie, she's gay and gaudy, sometimes naughty, but every inch a lady. It's murder while she makes with the strip and he makes with the lip. The princess and the prima donna.

Also showing *Moonlight in Havana*. Let your heart beat and your toes tap, to torrid tempos of the Tropics when it's *Moonlight in Havana*. Starring Allen Jones, Jane Frazee, and Marjorie Lord.

HOPE PRINCETON HIGHWAY

Survey parties are now engaged on location work in connection with the Hope-Princeton Highway. It is announced by the Honourable Herbert Anscomb, Minister of Public Works.

These survey parties expect to complete the major portion of their work before the snow settles for the winter, leaving a very minor part to be completed in the spring. From the field reports made by the survey parties, the engineers will gather together data upon which tenders can be called for the construction of this important link with the Interior. There are two survey parties in the field, one working from the Princeton end and the other from the Hope end of the Highway.

HOPE

Hope happies life, at the altar or bower.

And loosens the fetters of pride and of power;
It comes through our tears, as the soft summer rain,
To beautify, bless, and make joyful again. —Mary Baker Eddy.

As wisdom, without courage is futile, even so faith without hope is nothing worth; for hope endures and overcomes misfortune and evil. —Martin Luther.

The natural flights of the human

mind are not from pleasure to pleasure, but from hope to hope. —August Johnson.

It is hope which makes the shipwrecked sailor strike out with his arms in the midst of the sea though no land is in sight. —Orid.

The good man's hope is laid far —far beyond the sway of tempests, or the furious sweep of mortal desolation. —H. K. White.

of the

Provincial Board Of
HEALTH

LOCAL HEALTH SERVICES

The Provincial Board of Health fulfills its responsibilities to aid in the development and maintenance of adequate local health service by:

1. The making of substantial grants to aid in the development and continuance of full-time health units and public health nursing services.
2. The provision of advisory consultative and supervisory services of highly trained public health specialized personnel.
3. Special assistance in providing transportation for public health personnel.
4. Certain forms, pamphlets and other public health educational material.
5. Substantial grants for dental health services.
6. The procuring of public health trained personnel.
7. Aid and advice in all generalized public health problems and the planning of programs.
8. The services of a highly qualified public health nutritionist to aid in the development of a self-sustained local nutrition program.

SPECIALIZED SERVICES NOT POSSIBLE
OF DEVELOPMENT LOCALLY

There are many specialized public health services required by the people which it is economically unsound to provide on a local basis; therefore, these additional services are made available by the Provincial Board of Health through the local health services.

For ease in administration, many of these services are under the direct supervision of administrative units of the Provincial Board of Health, known as Divisions. These Divisions include Public Health Engineering (or Environmental Sanitation), Tuberculosis Services, Venereal Disease Services, Public Health Laboratory Services, Vital Statistics and a new Division of Public Health Education which has not yet been fully developed.

By this method specialized services are provided on a provincial basis and the follow-up and investigation in the field by the local health service can more effectively tap and make full use of the provincial specialized health facilities for the people in their area.

The Divisions mentioned above will be described fully in two further announcements to be inserted in early issues of this publication.

CORRESPONDENCE

Having read the article "Come to White Rock" by K. Jarvis, I would like to draw the attention to residents of White Rock to what I believe would be a benefit to their wonderful hamlet.

The other day I wandered into your public library, seeing quite a few people going there with books under their arms, and I enquired if I could get a book there.

The first question was "how long are you staying here?" I replied six months, and the answer was, "You're a transient!" and you will have to pay me 50 cents. This was fine and dandy as far as I was concerned, being a farmer and having a fairly tough hide, but I honestly believe the word "transient" would hurt people with finer feelings than I have. Before leaving to make matters worse I was politely told by the attendant that if she had known that I had relatives here, that she would not have

charged me the 50 cents. With all due respects to our "transients", I honour them, as the majority are fighting for us today instead of riding the rods as in previous years.

No doubt you have by-laws in connection with your public library and I am attaching no blame to your attendant, who is only carrying out the specific wording of same.

Nevertheless, I believe if you had the word "transient" altered to "visitor" it would sound much better to the average Canadian.

You have a wonderful climate and fine people.

Yours for a better White Rock,
H. R. Fraser,
Pier Camp.

Please bring your news in early.

Sorry . . .

While demands for telephone
service have increased steadily
during the war, the equipment
necessary to provide service hasn't.
The Telephone Company has been
prevented from making any mater-
ial additions to its system. That's
why so many people have to do
without telephone service these
days. The foot won't just fit the
shoe.

Factories that used to produce
telephone equipment are now need-
ed to fill war orders.
Telephone situation is likely to
get worse before it gets better. In
the meantime, essential needs for
telephone service, particularly in
connection with the war effort,
must come first.
